Steps to Get Started

09

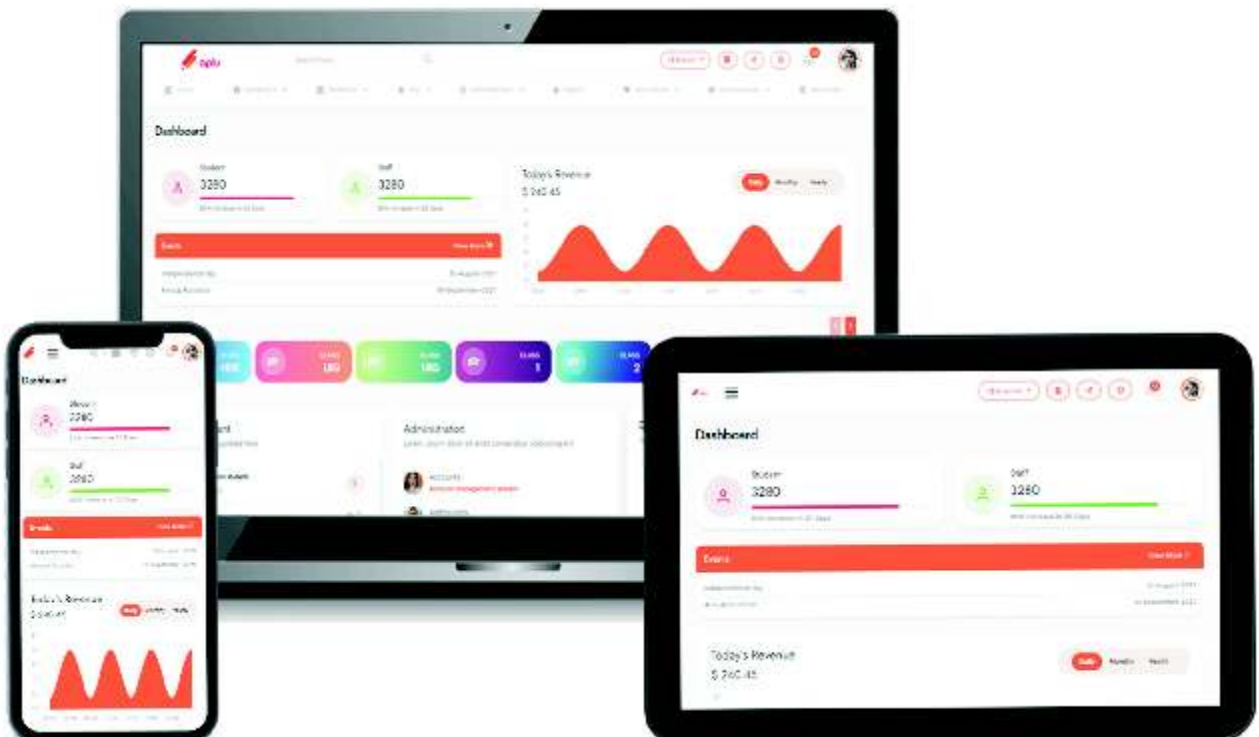

With these easy 3 steps, you can get the APLU school management app started in your school.

[What is Aplu?]

Aplu is a go-to platform for all those who are concerned with School Education. Amid the pandemic, various such elements in the Indian Education System got exposed which revealed the adamancy of the schooling approach. Access to education got complicated with the surge in the infection numbers.

Hence, our Founders thought of Aplu. We will not only bring advanced management solutions to you but also elevate your experience of online schooling. This School ERP is exactly what is required to digitize schools efficiently and in a much simple manner. Aplu will surely make schooling easier for all those who are connected to it in the most facile way possible.

We simplify School Management and redefine the Online Learning System.

[Problems of Schools]

→ Are you facing any of these Management Problems with your School?

- ◆ Is Fee Management difficult due to delayed payments and an unorganized system?
- ◆ Is Communication within your Institution frustrating and leading to deficient education?
- ◆ Is your School getting fewer Admissions and also lacking proper Follow-up Channels?
- ◆ Are you mostly involved in tiresome Paperwork and it's Data Entry which is costing much time and money?
- ◆ Are you tired of simultaneously juggling between multiple apps for efficient Online Schooling?
- ◆ Do the Parents feel detached and think that the School is not future-ready?
- ◆ Is switching between Online and Offline Attendance and its record maintenance difficult and time-consuming?
- ◆ Are Payment Reminding and Scheduling, Expense Visibility, and Cost-Cutting Methods followed by your Institution in-effective?

Features & Services

Ed-Tech solution for all your Schooling problems

[Fee Management]

- **To help out with better management of the Fee Payments, Aplu has an online fee manager**
- ◆ The School can upload the Fee structure, edit it or delete all the previously entered data.
- ◆ Fines, Discounts, and Occasional Fees can also be added to the database and charged.
- ◆ Based on the database created, the Fee Amount will be reflected in the dashboards of the parents.
- ◆ The fee amount can be scheduled as per the deadline to ensure timely payments.
- ◆ Reminders in form of Emails, SMS, and Announcements can also be easily sent in bulk to selected or all parents.
- ◆ For instant and faster payments, a safe online gateway is available on Aplu.
- ◆ A record of all the defaulters will be automatically created based on the received payments.
- ◆ A complete database of all the received payments, upcoming deadlines, total amount deposited, and more will be available all in one place.

[Communication]

- **For better and easy communication, Bulk Emails, SMS, and Announcements can be easily sent.**
- ◆ Notifications can be scheduled to be sent to the selected users with Aplu.
- ◆ Respective message texts can be created and edited depending upon the requirements.
- ◆ Automation of messages based on the settings, as and when required.
- ◆ Two-way Real-Time communication between Parents, Teachers, and Staff Members can be easily done with the Chat feature.
- ◆ A personalized timeline of the School activities can be easily shared.

[Admissions]

- **Admissions of Students into the Institution can be taken online with Aplu.**
- ◆ A specific form for only Enquiries pertaining to the admissions will also be available.
- ◆ For a proper Follow-Up, a management system has been created.
- ◆ Adding already admitted students can be done through a Teacher or a Unique Code.
- ◆ A proper Marketing Channel on the website of Aplu to increase the number of Admission requests.
- ◆ A complete Record and Report of all the enquiries and admissions will be stored in Aplu for you.

[Attendance]

- **Easy method for offline or online attendance through a specialized dashboard.**
- ◆ The constant switching between online and offline attendance was replaced by a permanent and easier online attendance procedure.
- ◆ Customizable types of attendance are personalized as per the requirements of your Institution.
- ◆ Attendance of both, Staff Members and Students can be easily recorded on the Aplu system.
- ◆ Automatic Percentage calculation of the attendance record for much convenience.
- ◆ A complete database of the Leaves, Present Days, Absentees, and much more all in one place.
- ◆ Daily automatic attendance based notification is sent directly to the parents.

[Interactive Live Classes and Meetings]

- **A specific portal to Create, Share, and Record Live Classes and Meetings to avoid juggling between multiple apps.**
- ◆ For better functioning, Classes and Meetings can be scheduled in advance.
- ◆ Recording of meetings and easy sharing of the Videos through Aplu itself.
- ◆ User-friendly features such as Custom Background, Hand Raise, and much more.
- ◆ During the conferencing, the Real-Time Chat feature ensures better interaction and easy communication.
- ◆ Record of all the Attendees and their timings of entry and exit will be available for viewing purposes.

[Parent Satisfaction]

- **Proper communication with Parents will ensure them of every activity in School.**
- ◆ Better Parent-Teacher coordination through various communicative features on Aplu.
- ◆ Parents can easily monitor the performances of their Wards.
- ◆ Complete data will be available to the Parents for transparency that will provide them satisfaction.
- ◆ A Photo Timeline for parents enables them to be a part of School activities and observe their children.
- ◆ Parents will be able to receive Reminders regarding Payments, Homework, Examination Schedules, and much more.

[Security]

→ **With Aplu your data is safe with us, we have enabled industry leading security standards.**

- ◆ Aplu uses SSL to make the system hack proof and secure.
- ◆ With us, your data is 100% encrypted to ensure its safety.
- ◆ Complete backup of data at all times to ensure no data loss.
- ◆ A firewall is enabled in the system for double security.
- ◆ DOSS protection to block unwanted Users to access the app.

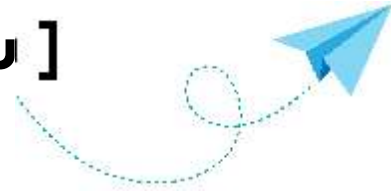

[And much more]

- ◆ Create class timetables for students and automatically get time schedules for the teachers.
- ◆ Manage all your files in a single place with the File Manager feature.
- ◆ Issue Gate Passes and schedule appointments online for visitors and meetings in the Institution.
- ◆ Create interactive polls to generate the opinions of Users.
- ◆ Issue Character and Migration Certificates online to students through Aplu.
- ◆ Report Cards are automatically made for sessions and terms by observing previously entered examination data.
- ◆ Online examinations can be attempted and evaluated in much simpler ways on Aplu.
- ◆ Complete maintenance of alumni data is ensured in the database of Aplu.
- ◆ Create and Publish Notes, Syllabus, and Homework or choose from the database of Aplu.
- ◆ Assign substitute Teachers for absent staff members and maintain a record of all the substitutions.
